## Matsuura Express service to re-ship.

When you are ready, we make necessary paper works for the Customs to Re-Ship without Japanese duties in JCC site. When you intend to sell to Japanese markets, we make import declaration of your goods which are taxable.

When we have done required Customs procedure, your goods will be shipped out to the destination countries from JCC site by our swift and tight arrangement with major international Freight Forwarders, like Nippon Express.

## OUR LOGISTICS OPERATIONS OF COSMETICS.

Since we have bonded Customs Warehouses in Karatsu, it is our advantage to go through immediate Customs procedure on shipments coming from overseas.

Immediately after the Customs Clearance, and through our "Inventory Control" system, we can utilize series of works like substance check, labeling and sealing, inventories and domestic delivery arrangements to the end users in the same warehouse. All of those will reduce the a lead time of your imported goods.

As a member of JCC, a private inspection firm, Bloom Co.,Ltd., authorized by the Pharmaceutical Law, offers official inspection and analysis requested by the law at the same site.

Re-Ship to Asian and Oceanic countries.  
After completing your production in Karatsu, you can re-ship your merchandise to your clients outside of Japan without paying Japanese duties, through pre-arrangements with Japanese Customs.  
We can assist you with all these procedures and support any physical arrangements you need utilizing our facilities and experiences.
